

Corridor Hold-Open Double Door Solution

ASSA ABLOY

Solution family: Interior door solution
Solution group: Double-Wood-Self Closing-Hold Open

Description

The ASSA ABLOY Belgium solution for commercial corridor door with hold-open magnets and Cam-Motion® Door Closers.

The Hold-Open magnets keeps the double interior door open for daily use. In case of fire detection the magnets will release the door and it will be closed.

Typical application markets

Commercial, Education, Healthcare, Hotel, Public and Offices
